Dear

JANUARY NEWSLETTER

A very happy New Year and Decade to everyone!

I feel sure that by the end of the next ten years we will be nearer to unlocking the mystery of MS. Just think how many new treatments have been introduced and how broad and worldwide research has become even since the millennium.

The Christmas period was very busy but I know I can say that it was a happy and successful time and brought us all together.

CHRISTMAS BAZAAR

The Bazaar raised the highest amount ever £1,367 with both halls crowded with those who now regard our Bazaar as a “not to be missed event.

Our grateful thanks to all those who helped, and to all those who donated goods to sell. Thanks also to the generous United Reform church who only charged us £60 for two halls.

We now have the use of a garage to store items and we have room to start collecting immediately – it is never too soon. Any unwanted Christmas presents will be gratefully received.

FUND RAISING

Our Fund raiser, Karen Reeves, has booked the following dates for store collections in 2010 -

- Asda Gosport, Saturday January 30th**
- Fareham Precinct Saturday February 20th**

- **Morrison's Gosport Saturday 3rd April (this date to be confirmed.)**

These store collections are our main fund raising activity and are vital to the future prosperity of the Branch.

We recently made a research Grant of £3,000 to the MS National Centre and the needs of our members are numerous and ongoing. On top of this we have to pay for all our various activities – for example the Neuro-Physio now costs over £7,000 per year.

If you can spare even an hour to collect, it will be much appreciated – helpers are urgently needed – phone Karen 078372707979

RAISING MONEY – EQUITY RELEASE

MS Society Insurance Services now offer an equity release service in partnership with Key Retirement Solutions, the UK's leading equity specialist

WHAT IS EQUITY RELEASE

Equity release is a way for home owners aged over 55 to transform the cash locked in their property into a tax free cash lump sum or income.

The cash can be used in any way:

- **for home improvements, holidays or may be**
- **used for assistance with every day living costs**

With so many equity release plans available, some of which take account of your health in the terms offered, it is important you

receive independent advice on the range of plans available and understand the features and risks,

By releasing equity from your home the value of your estate will be reduced and there may be an effect on your entitlement to means tested benefits.

For more information about the features and risks plan and an equity release guide call 0800 783 3157 or email mssociety@heathlambert.com

Remember Spring is just around the corner !

Best wishes Juliette
