

Good afternoon!

You might not have heard from us before, we are the Evidence Team at the MS Society. We do social research that supports various areas of work like policy, campaigns, public affairs and more.

Last week we launched a survey on employment and MS. We know that it's a key issue for people with MS, so we're trying to reach as many people as possible. We would be very grateful if you could share the below information and link with the members of your local group.

We would like to invite you to participate in a survey about your experiences of employment as someone with MS. Whether you're currently employed, looking for work or have had to give up work because of your MS, we want to hear from you. We want to hear about the challenges you've faced at work and understand what support could make a difference to you.

We're partnering with the Work Foundation for this research, they are experts in all things work and employment. We'll use the results from the survey to influence the government and campaign for the changes that people with MS need in employment.

If you wish to complete the survey, you must be between 18-65 years old, live in the UK, and have MS.

The survey should take around 10 minutes to complete.

Click on the link below to take part in the survey: https://lancasteruni.eu.qualtrics.com/jfe/form/SV_6AmfsdCO2foZecu

We really appreciate you giving some of your time to share your experiences. If you have any questions about the survey please don't hesitate to contact us at evidence@mssociety.org.uk.

Warm regards,
Johanna, Debra & Vicki
